Dear Ms. Fisher:

We have reviewed information regarding allegations of violations of the Nursing Practice Act of the State of Texas. You are being provided notice that we are currently investigating the alleged facts or conduct specified below:

1. On or about August 19, 2004, while employed as a Cluster Nurse Manager with The University of Texas Medical Branch, Correctional Managed Care, Huntsville, Texas, and providing care to Inmate Number 695377, who had placed a sheet around his neck, you failed to accurately and completely assess the inmate when the inmate refused to be transferred to a psychiatric facility for immediate evaluation as ordered by the physician. You were on call and performed an assessment by telephone, and documented the inmate had a history of suicide attempts and denied intentions to kill himself. You instructed the security staff to have the inmate sign a refusal of treatment. The inmate was evaluated by the mental health staff on or about August 20, 2004, and was determined to be at a low imminent risk for a potential lethal suicide attempt. The inmate was found dead in his cell from hanging on August 27, 2004.
